		Finding Things Out Counting and Properties of numbor Pupils should have opportunities to; join in with number songs - counting, bo percussion clapping. copy actions or follo a simple sequence. Count to find a quantity. Explore 'one, two and three'. Explore more and les Begin to recognise numerals. Begin to use ordinal numbers. Begin to record numbers if approprise	Explore obje relationships building etc. Become fam names of 2D Explore capa introduce the and empty. Explore mea short, long Explore weig s. exploring he Explore coin <b>Geometry</b> Begin to und and the relat	size. sts, position and stacking, iliar with some and 3D shapes. city and e concept of full surement; tall, ht and mass avy and light	through pushing pulling. thing, cking, with some and apply knowl with some and apply knowl in similar situation BD shapes. Communicate and awareness of ch cept of full in light sound or movement. Show interest in living things, ind mass handling, observed nd light or commenting. gnition To explore image and videos, thro different mediass nd position to develop knowledge of an		exist even if it cannot be heard) and recall what or heard. Show awareness of sim differences, notice cha position, shape or num Follow models and join activities, anticipate wh what is next with conte Explore objects and ma experiment with physic Show that simple action predictable results.		continues to e seen or has been seen illarities and age, e.g. ber. in familiar at to do or ktual cues. terials, al changes.	Communicating my Ideas Developing consistent responses, making choices, requests and expressing opinions. Take control of environment and opportunities. To interact with a device/ program to purposefully cause a reaction. With support, to use a program to create a piece of work. Be able to navigate/ manipulate the environment they are interacting with.		Reading and writing Reading:Show engagement ar during familiar storie Holds books and turn appropriateSpeaking & Listening AAC)Listen & respond. Request a turn With support, begin to respond to commer group context with a independence Begin to follow instru 2/3 key words Begin to use symbol when supported.		and anticipation ries/songs urn pages if <b>ng (Including use of</b> n to Initiate & eents Listen in a n a growing	Design & CreateExplore materials and techniques.Be intentional in the ways in which they explore and use materials objects.Begin to create systematically, repeating actions to get the same effect.Respond to the actions of others.Know and respond to start and stop and other simple creative instructions.Pretend play using props and tools in role play, know when they or others are in role.Pretend to be other people or animals, use props for alternative purposes expressively.Respond to different options.Show preferences and make choices and begin to use these preferences when designing or creating Show interest in an increasing range of activities, take part in familiar and routine activities.Build, shape and mould, exploring materials and limits.Make marks and actions intentionally.Develop awareness of their actions when using a program. Explore devices that can capture and record information. To use various methods of accessible technology to allow them to create music		
Building on	<ul> <li>purpose.</li> <li>Develop understanding about caring for our environment and living together in community.</li> <li>Handle and explore artefacts, comment and classify, understand some are natural and others are made.</li> <li>To explore how technology is all around us and part of our everyday life.</li> </ul>						My WellbeingTo develop sense of self and our place in different groups, family, friends, school, community etc.Respond to others in the group, their views, opinions and needs.With support cooperate in small groups.Show concern and be able to respond to the needs of others.Understand and identify some of the changes that happen as we grow.Join in physical exercise at own level.Actively participate in PE and physiotherapy programmes.Begin to learn to recognise and deal with difficult emotions.Exploring and applying strategies to regulate mood and feelings.										

# Curriculum skills set one

Maths Number & Calculation Explore / Identify numbers 0-10 One to One correspondence – sorting activities Identify 'more' and 'less' Use language, e.g.(how many, more, less, most) Understand 'one' as a single object Introduce symbols and with written words one, two, three Sing ' number rhymes, songs, stories Introduce numbers 3 -10

# Geometry & Measure

Explore concepts and have exposure to vocabulary for comparison e.g. (heavy, light, tall, small, full, empty, long, short, fast, slow) Know that significant events happen at the same time each day Understand and identify days of the week/timetables Make pictures and patterns with 2D shapes Sorting shapes – those that (e.g., roll/do not roll) Observe similarities and differences of 2D and 3D shapes Explore coins and their values through 'shop play.'

# Problem Solving

Gain attention, request and obtain objects Trial and error approach to movement, building self-awareness Obtain desired object through trial and error

### Data handling

Show an awareness of how to collect data ie through taking the register and seeing who is and isn't here. To answer questions and talk about a very simple bar chart, table or pictogram.

#### Science Plants & Animals

Identify common animals and plants. Describe and compare observable features. Describe basic structure of plants and animals Describe basic needs of animals or plants to survive. Describe what happens when seeds or bulbs grow. Name outer parts of body and senses Describe where animals may live.

### Materials

Begin to be able to describe properties of everyday materials. Compare and group materials

# Seasons

Observe seasonal changes Describe the weather

#### Light and Sound

Describe the properties of light and sound and be able to identify sources.

### Electricity

To have an awareness of what electricity is and to understand if objects use electricity. Recognise the need to be safe around electricity.

# Working scientifically/Enquiry skills

Show curiosity about objects, events and people. Question why things happen Engage in an open ended activity Test ideas/find ways to solve problems Develop ideas of grouping, sequences, cause and effect Spot differences and similarities in relation to objects, materials and living things. Observes what animals, people or vehicles do Use senses to explore the world Make links and notice patterns in their own experience. Handles equipment and tools Begin to answer how and why auestions Begins to build up vocabulary which reflects breadth of experience.

# Use various access modes to interact with Use technology to interact and control toys through switching, eye gaze, touch screen, rollerball, joysticks etc. Develop an understanding of an everyday Be able to apply skills developed across methods of interacting with it and how the Use reasoning and logic to predict egin to develop skills on how to manipulate To be able to identity favourite website and To be able to input a very simple piece of information into a program: i.e. numbers in a game or letters in a matching activity. To be able to use a device to take an To be able to use key words to identify To explore technology that allow us to

To become aware of their actions and learn to anticipate actions.

# E-Safety Develop an emerging awareness about E-

safety.

#### English Reading

Explores a range of texts fiction, non-fiction poetry Relate story to own experiences.

Can point to or find specific/familiar word on request. Begins to show an awareness of punctuation (pauses at full stop). Begins to recognise a beginning, middle and end in stories Joins in with predictable phrases. Anticipate and join in using a repetitive line in a story. Know which way to hold a book, turn the page. Understand that text is read from left to right.

Begin to develop inner reading voice

- To begin to become familiar with some HFW. To know letter names and sounds.
- o know letter names and sounds

# Writing

Understand that marks convey meaning. Develop mark making if appropriate. Exposure to letters and sounds. Understanding of letters and sounds – linked to real life and own agenda and games. Begin to order words to create a sentence. Begins to form some letters correctly if applicable. Begins to write names with capital letters if applicable.

# Grammar

Begin to understand basic sentence structure, using spaces, capitals and punctuation Begins to have an awareness of tenses.

# Speaking & Listening (AAC)

Developing fundamental communication skills. Listen & respond. Develop predictable opportunities for sharing news. Develop ability to initiate a conversation for example, 'I have something to say'. Respond to comments and express an opinion. Express wants and needs. Control and deliver a message pre recorded

Maintain attention and participation for a time

e

# Drama & Music

Music

Show anticipation of an activity through song cue.

Recognise and join in with familiar songs and rhymes

Request, sing and join in with familiar songs.

Listen to music from different cultures e.g. calypso, hip hop bhangra.

Explore and play a range of musical instruments.

Request, make a choice for a preferred instrument.

Develop vocalisations through a variety of activities (sensory room etc.)

Make and combine sounds musically

Make sounds that are different – high/low, loud/quiet etc.

### Drama

Developing listening skills

Interaction with a small

group

Participate in pretend play.

Explore feelings through a variety of activities

Learning through role play and exploration

### Art & Design

Art Explore range of materials, making choices and expressing preferences. Develop approaches of pattern making. Explore colour mixing through finger painting Develop individual use of tools, giving as much independence as possible.

Design & Technology Explore range of junk materials. Experience of using a variety of tools. Explore different textures and smells associated with a variety of foods. Gain a basic awareness of food hygiene and know where foods need to be stored (milk in fridge etc) Know that kettles, ovens and microwaves can be hot. Know that knives are sharp and hold to store them safety.

# Curriculum skills set one

Higher

Reaching

History Show understanding and anticipation of familiar routines at home and school Build an understanding that they have taken part in past events (building memory books of past events) Recall motivating past events (Christmas plays, birthdays, and family occasions). Through photographs build an understanding of changes in their appearance (baby – child) To put objects or events in the order in which they happened. To use common words to describe the passing of time (before, after, yesterday, a long time ago) To become familiar with stories from the past. To ask why people acted in the way they did. To ask and answer questions about the past using pictures, books and stories. Events/ Trips Opportunities to dress up and experience a new experience linking this to another person's job, or a different time of life Geography Explore and feel secure within their own immediate environment Describe own locality in basic terms. Recognise changes. Navigate to different places within immediate environment. To follow directive language (turn round, go to ...) To hear basic geographical vocabulary when walking around the local area far, up, down, left, right, bigger, smaller etc. To gain an understanding of what a map is (bird's eye view). Begin to know maps and globes represent real places. Find out about places and talk about them using pictures. Use stories to draw maps of real or imaginary places. RE

Developing an awareness and appreciation of different cultures of our peers. Showing and understanding that different families celebrate different cultural events throughout the year. Visiting different religious buildings.

# Retell elements of religious stories

Citizenship/PSHE/RSE Feeling safe

Safety in familiar situations Learning about people who keep us safe and healthy

# Identity

What makes us and other people special people, their roles and responsibilities. Co-operating and working with others.

# **PSHE**

Identify the differences between boys and girls. Identify and celebrate different types of families Identify changes that happen to us since birth. Understand that everyone needs to be cared for Identify people around us who care for us- formatting!

# Life skills

Develop our own independence: toilet training, transfers, dressing, eating & drinking, Develop understanding of familiar routines Recognise unforeseen changes and learns to cope with this change Participating in play Taking turns with a partner, in a small group

and in a large group

Maintaining and developing muscle stretch through routine individu Developing balance and weight bearing using walkers and standing t Incorporating physiotherapy goals into PE sessions Participation in a small group Co-operation with an adult supporting Music to engage in calm and high energy activities

# Maintaining postures

To develop and sustain pupil's ability to maintain postures, as direct

Positioning programmes may include: lying on their stomach (prone (supine), lying on their side, sitting in a chair, sitting on a flat surfa kneeling, standing in a standing frame, and bench work.

# **Motor abilities**

Motor skills programmes may include developing pupils abilities to n movements in the following areas: head, arms, hands, legs, trunk

# Physical participation

To participate actively in daily routines (dressing, undressing etc) per drinking, etc if it is appropriate.

To experience and become familiar with a range of settings in the sc

# Independence

To develop and sustain movement to promote independence, as dir physiotherapists and occupational therapists in pupils' individual ph ndependent movement programmes may include: walking, moving a walker, wheelchair mobility, floor mobility, hand and arm function

Social and emotional wellbeing - PSHE safeguarding/British values/ RSE

Cognition and learning - Creative curriculum (DT /art/music/drama) Humanities (geography/history/RE) Computing Science Maths Literacy/communication **Physical wellbeing** 

NB The curriculum should be driven by the needs, ability and interests of the particular class that is being taught. Although broad themes should stay the same, some aspects of the curriculum will not be suitable for all
